

Please include all setback distances from property boundaries and right of ways, buffers, all wetlands and waterbodies; including streams, wells, and septic systems. Include a minimum of 100 feet from the shoreland zone setback or flood elevations if applicable. Show all proposed decks, porches, and additions. Further, the property owner and/or contractor is responsible for measurements on this plan to be true and accurate. Further, this lot is not part of an illegal subdivision.
